

EVO | PICO | PRO | LASER | RIDE ON | AUTO | STEALTH STRIPER

MORE FREEDOM FOR YOUR ASSOCIATION

Measuring tapes, pegs and strings are relics of the past. Our satellite-based line marking system ensures pinpoint lines, both for initial marking and over-marking, and 100% continuity. Perfect fields in minutes, every time!

INDEPENDENCE AT A SMALL PRICE

Plan and mark your sports field independently:

SWOZI pico gives you the freedom to line accurately without help and in the shortest possible time. More time for other tasks or for cosy get-togethers with your club colleagues.

ONE MAN SHOW

1 field – 1 person – 20 minutes.
Without cords, without measuring tapes.

TIME SAVING

Save up to 75% time.

LESS PAINT

Reduces paint consumption.

ACCURATE LINES

Quality with highest accuracy.

TEMPLATES

Over 100 field templates to choose from.

COST EFFICIENCY

Save significant operating costs.

SWOZI *pico* – SMALL, BUT IMPRESSIVE.

SPECIAL FEATURES

The **handlebar** is adjustable and can be set in the ergonomically ideal pushing position.

The storage area offers space for up to 2 x 10l canisters of **paint**. No matter which paint manufacturer.

The robust **GPS antenna** ensures highly accurate positioning in the cm range.

The **GPS-assisted spray arm** replaces cords and measuring tapes and delivers excellent line quality.

The **spray head** can be adjusted to different line widths without tools. The swivelling guide plates enable marking right up to the goalposts.

Adjustable **tablet holder**.

The **Spray lance with stainless steel suction filter** enable flawless paint flow.

3 large ball bearing **wheels** provide good rolling movement.

Pump with valve: the integrated rinsing mode makes cleaning very easy.

As standard, the SWOZI *pico* is equipped with a long-life **12V/25Ah battery**. With option to upgrade to two batteries.
